

YOUR BUSINESS DEPENDS ON YOUR CUSTOMERS' UPTIME.

Their equipment performance and productivity are why we are here. The best and safest way to ensure optimal machine productivity is to obtain your Parts directly from the source. Use Original Equipment Parts designed, tested, and approved by KRAKEN Machines.

OPTIMIZED UPTIME IS IN OUR BLOOD

If your heavy machine is down, then your business is down, and we have a problem with that. For decades, KRAKEN Machines has built our foundation on protecting and prioritizing our customers' productivity. We know the consequences of downtime, and we're here to help minimize that.

PROFESSIONAL PARTS SUPPORT

Our OE Parts team has extensive tech-support knowledge and decades of experience in Parts distribution. Our personnel are trained problem solvers with the technical tools and support expected of a Best-in-Class OE Equipment manufacturer.
